

- 9 (a) Fig. 9.1 shows an absorption spectrum for chlorophyll *a* and the corresponding action spectrum for a species of plant.

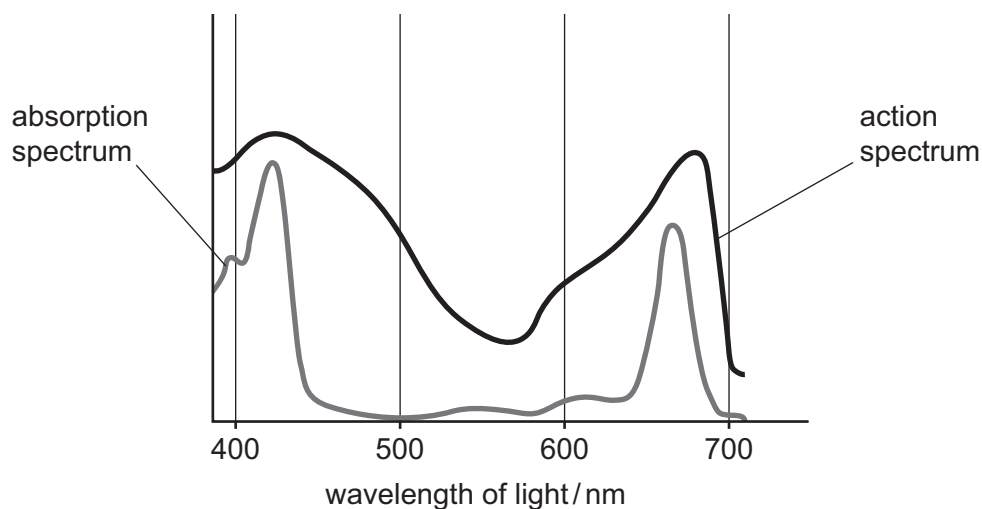

Fig. 9.1

- (i) Explain what is meant by an absorption spectrum and an action spectrum.

.....

.....

.....

.....

..... [2]

- (ii) Suggest **and** explain why the curve shown in Fig. 9.1 for the absorption spectrum is different from the curve for the action spectrum for wavelengths of light between 450 nm and 550 nm.
