

2 Reduced Instruction Set Computers (RISC) is a type of processor.

Identify **four** features of a RISC processor.

- 1
-
- 2
-
- 3
-
- 4
-

[4]

3 (a) Describe circuit switching as a method of data transmission.

-
-
-
-
-
-
-

[3]

(b) State **one** benefit and **one** drawback of circuit switching as a method of data transmission.

- Benefit
-
- Drawback
-
