

You may not need to use all of the materials provided.

1 In this experiment, you will investigate the equilibrium of forces.

(a) (i) • Assemble the apparatus as shown in Fig. 1.1.

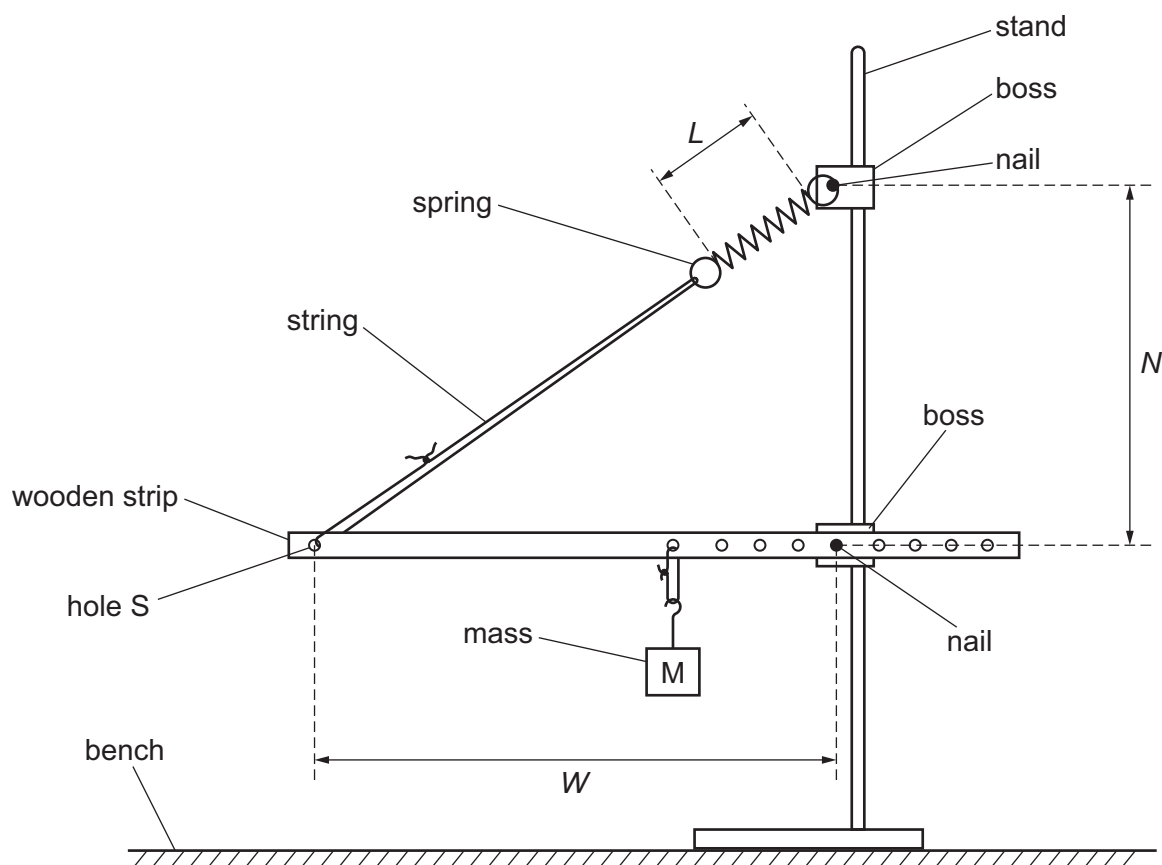

Fig. 1.1

- Adjust the height of the upper boss so that the wooden strip is parallel to the bench.
- The distance between hole S and the lower nail is W .

Measure and record W .

$W =$

- The distance between the two nails is N .

Measure and record N .

$N =$

- The length of the coiled part of the spring is L , as shown in Fig. 1.1.

Measure and record L .

$L =$
