

# Gas exchange

A Level Biology · Vocabulary

| English                | 中文   | Pinyin             |
|------------------------|------|--------------------|
| gas exchange           | 气体交换 | qì tǐ jiāo huàn    |
| trachea                | 气管   | qì guǎn            |
| bronchus               | 支气管  | zhī qì guǎn        |
| bronchiole             | 细支气管 | xì zhī qì guǎn     |
| alveoli                | 肺泡   | fèi pào            |
| lungs                  | 肺    | fèi                |
| capillary              | 毛细血管 | máo xì xuè guǎn    |
| cartilage              | 软骨   | ruǎn gǔ            |
| ciliated epithelium    | 纤毛上皮 | xiān máo shàng pí  |
| cilia                  | 纤毛   | xiān máo           |
| mucus                  | 黏液   | nián yè            |
| goblet cell            | 杯状细胞 | bēi zhuàng xì bāo  |
| mucous gland           | 黏液腺  | nián yè xiàn       |
| microbe                | 微生物  | wēi shēng wù       |
| smooth muscle          | 平滑肌  | píng huá jī        |
| elastic fibre          | 弹性纤维 | tán xìng xiān wéi  |
| squamous epithelium    | 扁平上皮 | biǎn píng shàng pí |
| diffuse                | 扩散   | kuò sàn            |
| concentration gradient | 浓度梯度 | nóng dù tī dù      |
| oxygen                 | 氧气   | yǎng qì            |
| carbon dioxide         | 二氧化碳 | èr yǎng huà tàn    |
