

# Basic economic ideas and resource allocation

## A Level Economics · Vocabulary

| English                 | 中文     | Pinyin                  |
|-------------------------|--------|-------------------------|
| scarcity                | 稀缺性    | xī quē xìng             |
| resources               | 资源     | zī yuán                 |
| finite                  | 有限的    | yǒu xiàn de             |
| scarce                  | 稀缺     | xī quē                  |
| goods                   | 物品     | wù pǐn                  |
| services                | 服务     | fú wù                   |
| wants                   | 欲望     | yù wàng                 |
| economic problem        | 经济问题   | jīng jì wèn tí          |
| opportunity cost        | 机会成本   | jī huì chéng běn        |
| alternative             | 替代选择   | tì dài xuǎn zé          |
| consumer                | 消费者    | xiāo fèi zhě            |
| producer                | 生产者    | shēng chǎn zhě          |
| firm                    | 企业     | qǐ yè                   |
| government              | 政府     | zhèng fǔ                |
| social science          | 社会科学   | shè huì kē xué          |
| model                   | 模型     | mó xíng                 |
| ceteris paribus         | 其他条件不变 | qí tā tiáo jiàn bù biàn |
| positive statement      | 实证表述   | shí zhèng biǎo shù      |
| normative statement     | 规范表述   | guān fàn biǎo shù       |
| value judgement         | 价值判断   | jià zhí pàn duàn        |
| microeconomics          | 微观经济学  | wēi guān jīng jì xué    |
| macroeconomics          | 宏观经济学  | hóng guān jīng jì xué   |
| output                  | 产出     | chǎn chū                |
| factors of production   | 生产要素   | shēng chǎn yào sù       |
| reward                  | 报酬     | bào chóu                |
| land                    | 土地     | tǔ dì                   |
| rent                    | 地租     | dì zū                   |
| labour                  | 劳动     | láo dòng                |
| wages                   | 工资     | gōng zī                 |
| capital                 | 资本     | zī běn                  |
| interest                | 利息     | lì xī                   |
| enterprise              | 企业家才能  | qǐ yè jiā cái néng      |
| profit                  | 利润     | lì rùn                  |
| non-renewable resources | 不可再生资源 | bù kě zài shēng zī yuán |
| entrepreneur            | 企业家    | qǐ yè jiā               |
| specialisation          | 专业化    | zhuān yè huà            |
| division of labour      | 劳动分工   | láo dòng fēn gōng       |
| worker                  | 工人     | gōng rén                |
| mobility                | 流动性    | liú dòng xìng           |
| occupational mobility   | 职业流动性  | zhí yè liú dòng xìng    |
| geographical mobility   | 地理流动性  | dì lǐ liú dòng xìng     |
| allocate                | 配置     | pèi zhì                 |
| market economy          | 市场经济   | shì chǎng jīng jì       |
| planned economy         | 计划经济   | jì huà jīng jì          |
| command economy         | 指令经济   | zhǐ lìng jīng jì        |
| mixed economy           | 混合经济   | hùn hé jīng jì          |
| private sector          | 私营部门   | sī yíng bù mén          |

| English                      | 中文      | Pinyin                          |
|------------------------------|---------|---------------------------------|
| public sector                | 公共部门    | gōng gòng bù mén                |
| price mechanism              | 价格机制    | jià gé jī zhì                   |
| signalling                   | 信号传递    | xìn hào chuán dì                |
| incentive                    | 激励      | jī lì                           |
| rationing                    | 配给      | pèi jǐ                          |
| production possibility curve | 生产可能性曲线 | shēng chǎn kě néng xìng qū xiàn |
| efficiency                   | 效率      | xiào lǜ                         |
| unemployment                 | 失业      | shī yè                          |
| trade-off                    | 取舍      | qǔ shě                          |
| economic growth              | 经济增长    | jīng jì zēng zhǎng              |
| technology                   | 技术      | jì shù                          |
| economic decline             | 经济衰退    | jīng jì shuāi tuì               |
| capital goods                | 资本品     | zī běn pǐn                      |
| consumer goods               | 消费品     | xiāo fèi pǐn                    |
| free good                    | 免费物品    | miǎn fèi wù pǐn                 |
| economic good                | 经济物品    | jīng jì wù pǐn                  |
| private good                 | 私人物品    | sī rén wù pǐn                   |
| rivalry                      | 竞争性     | jìng zhēng xìng                 |
| excludability                | 排他性     | pái tā xìng                     |
| public good                  | 公共物品    | gōng gòng wù pǐn                |
| non-rivalry                  | 非竞争性    | fēi jìng zhēng xìng             |
| non-excludability            | 非排他性    | fēi pái tā xìng                 |
| free-rider problem           | 搭便车问题   | dā biàn chē wèn tí              |
| national defence             | 国防      | guó fáng                        |
| merit good                   | 优值品     | yōu zhí pǐn                     |
| demerit good                 | 劣值品     | liè zhí pǐn                     |
| information failure          | 信息失灵    | xìn xī shī líng                 |
